Application for the BAME Apprenticeship Alliance

By joining the BAME Apprenticeship Alliance, you will become part of a growing community of organisations in the UK that support promoting the diversity of apprenticeships and its impact on individuals, businesses and the economy. Before completing the application form, please read the key information below to select appropriate membership level.

Patron Membership

Patron membership is the most prestigious membership of the BAME Apprenticeship Alliance. Patron member companies are making a significant investment in apprenticeships by using their thought leadership, brand values and apprenticeship strategy.

The organisation would have demonstrated a commitment to increase apprenticeship diversity and access locally and nationally. The BAME Apprenticeship Alliance will be on hand to offer expert information, advice and guidance and the opportunity to meet and network with other partners, (Non) - Governmental members through exclusive meeting, gatherings and events.

The BAME Apprenticeship Alliance will be committed to promoting Patron Members in all communication and through advocacy campaigns when engaging with influencers and lobbying organisations on their apprenticeship diversity.

Executive Membership

Executive member organisations have a significant interest in promoting apprenticeship diversity. They will be active in promoting diversity of apprenticeships from their recruitment practices, internal and external communications and apprenticeship delivery.

The organisation would have demonstrated a commitment to increase apprenticeship diversity and access locally and nationally. The BAME Apprenticeship Alliance will be on hand to offer expert information, advice and guidance and the opportunity to meet and network with other partners, (Non) - Governmental members through exclusive meeting, gatherings and events.

Executive members will be working with Patrons to discuss and develop policy papers that BAME Apprenticeship Alliance can use to lobby other organisations on their apprenticeship diversity.
