

Social media is a powerful tool that allows you to connect with anyone anywhere. With the ability to find out information about practically anything realtime, you are now in a position to gather as much information you need about careers you may be interested in. Even more, you can connect with apprentices and those who are in your dream careers!

Below are some practical tips you can use to get you started.

### **1 Ask questions**

Ask as many questions as you want directly to the employers. Remember, they're there to help.

### **2 Be professional**

It's important to present yourself in a good way. This means photos you share to words you use.

### **3 Use a good photo**

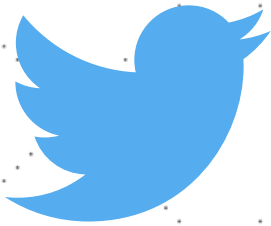

Sounds so simple but having a good profile photo means future employers know who they are talking too .

### **4 Share your work**

Be proud of the good work you are doing at school and share it for people to see and celebrate.

### **5 Try all platforms**

## How are you using social media?
